INTRODUCING

RIVERTON

Collection

Inspired by the serene, earthy tones of riverbeds. Each plank in this series brings the natural beauty of flowing waters into your space, with deep wood textures and calming, timeless colors like Brazos, Yukon, and Potomac. Transform your floors into a tranquil retreat with Riverton's elegant design.

UNIT PROGRAM

FEATURED: COUNTRYSIDE | LAKE

International Builders Supply wants to make your planning process as easy as possible. Our Unit Program takes the guess work out of what to choose for your next project. Every product in this booklet has been hand selected and priced to fit even the tightest budget.

Several are stocked in limited quantities. Please contact your sales representative for availability.

Due to the variance in installation methods, grout colors, lighting, image variances and computer monitor settings; the images within may not accurately represent the true color of the products after installation. Therefore, IB Supply always recommends that tiles not be purchased based on an image of any kind.

LUXURY VINYL TILE

FEATURED: RIVERTON COLLECTION | COLUMBIA

WHAT IS **TUFFPLANK** ?

TUFFPLANK is the leading Luxury Vinyl Plank with unlimited custom options including glue down with and without attached dB sound pad, and Matrix Rigid Core Click. **TUFFPLANK** is known for its durability and over 3,000 color options. We make sure that our plank is top of the line in quality and appearance.

CUSTOM OPTIONS

TUFFPLANK is known for its complete customization. You determine your color, size, texture, thickness, wear layer, and we will have it produced for your project.

Go to **TUFFPLANK**.com for our custom color library.

FAQ

Q: "Can standard colors be customized?"

A: **Yes, all of our colors shown in our standard and custom series swatch decks can be customized.**

RELAX.

it's **dB PLANK**
the quiet flooring.

FEATURED: MADDOX AND CORA ON DB PLANK

dB PLANK

Pre-Attached Sound Pad

PREMIUM
OPTION

dB Plank is a Premium LVT that is customizable, and a cost effective solution to your sound reduction needs. With a simple, 1-step installation, you can save time and money on your next multi family, student housing or senior living project.

dB Plank has a pre-attached, 1 or 1.5mm sound pad that has been added to our existing TUFFPLANK product offering.

TUFFCOAT is standard to dB Plank. It consists of microscopic ceramic particles suspended in the UV coating. This gives an additional layer of protection providing enhanced wear, scuff and scratch resistance. Available in all TUFFPLANK colors.

FAST TRACK & PRICE ESSENTIALS

FEATURED: VELARIS | GRAFITO

Our Fast Track & Price Essentials Program is designed with timeless style and competitive pricing in mind, tailored specifically for your price-driven and quick-turnaround projects. It incorporates current trends while anticipating future design needs.

Grout recommendation: 3/16"

Due to the variance in installation methods, grout colors, lighting, image variances and computer monitor settings; the images within may not accurately represent the true color of the products after installation. Therefore, IB Supply always recommends that tiles not be purchased based on an image of any kind.

DUMAWALL

FEATURED: DUMAWALL | BARCELONA

WHAT IS DUMAWALL?

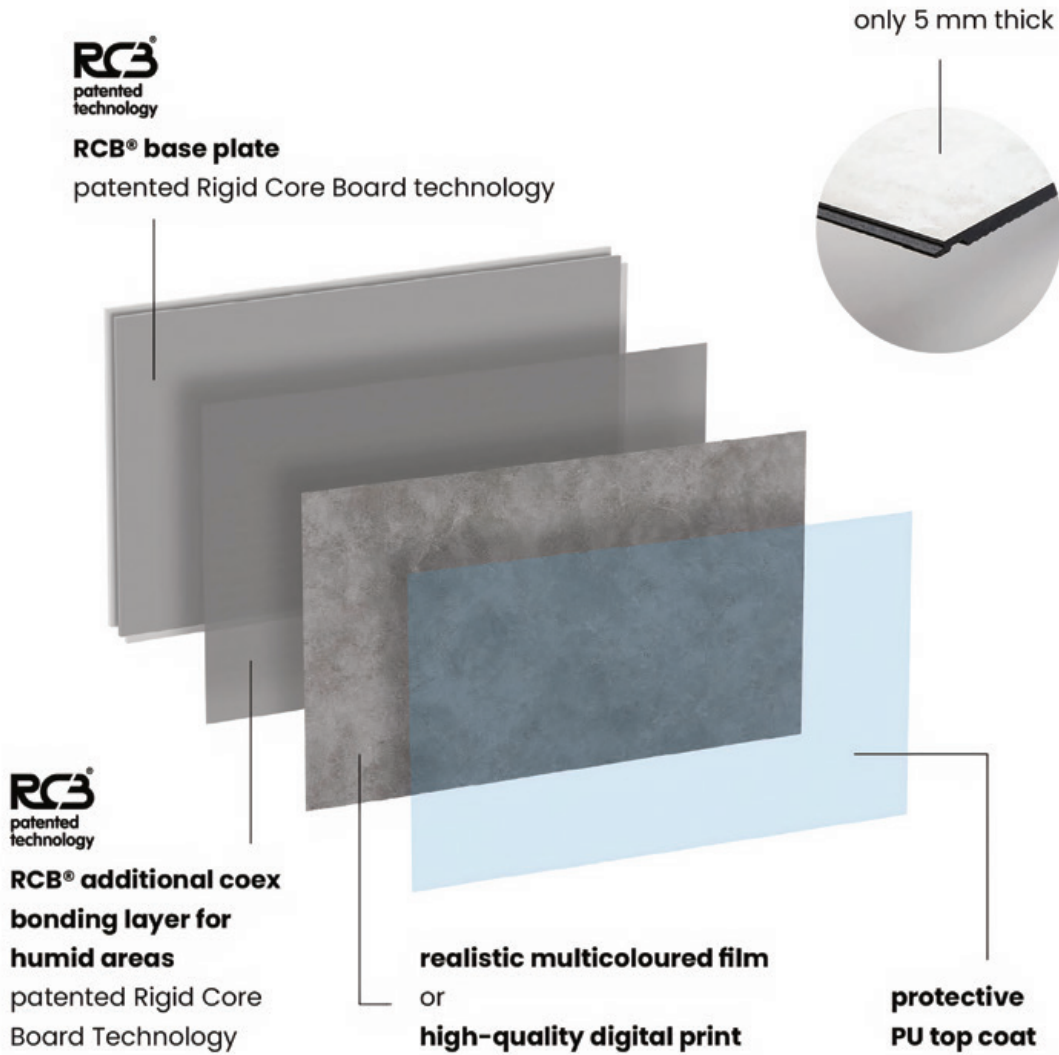

Dumawall is an oversized, waterproof RCB panel featuring a rigid core and a convenient tongue-and-groove design, making them perfect for quick home updates and installations. Durable and UV-resistant, they also provide an excellent solution for covering existing tiles.

FAQs

- Q: "How do I install Dumawall tiles?"
- A: **You can glue them directly onto old tiles by utilizing easy, jointless, tongue-and-groove connections.**
- Q: "Why should I choose Dumawall tiles?"
- A: **Dumawall tiles are perfect for renovations, offering easy assembly with a tongue-and-groove system, simple cutting options, and a jointless design for a seamless, authentic finish.**

FEATURED: DUMAWALL | LONDON

Our boards are manufactured using the revolutionary RCB[®] technology. RCB[®] stands for Rigid Core Board. This unique and patented technology ensures that the boards are extremely stable, water-resistant and safe. This also results in a very strong adhesion of the decor layer to the slab, preventing our decor layer from peeling. Dumawall is the ideal base for a shower that you will enjoy for a long time.

Install directly on existing tiles

TERRAZZO

FEATURED: RMC COLLECTION | AMAZONIA

Every day, hundreds or even thousands of people pass through an airport, hospital, or school. Terrazzo can endure intense pressure brought on by heavy machinery or high-traffic activity because it has high compressive strength. With only basic cleaning daily, the surface can persist for years because of the material's resilience.

Due to the variance in installation methods, grout colors, lighting, image variances and computer monitor settings; the images within may not accurately represent the true color of the products after installation. Therefore, IB Supply always recommends that tiles not be purchased based on an image of any kind.
