the quiet flooring.

CERTIFIED BY  
SCS Global Services

FEATURED: MADDOX AND CORA ON DB PLANK

**dB Plank** is a Premium LVT that is customizable, and a cost effective solution to your sound reduction needs. With a simple, 1-step installation, you can save time and money on your next multi family, student housing or senior living project.

dB Plank has a pre-attached, 1 or 1.5mm sound pad that has been added to our existing TUFFPLANK product offering.

**TUFFCOAT** is standard to dB Plank. It consists of microscopic ceramic particles suspended in the UV coating. This gives an additional layer of protection providing enhanced wear, scuff and scratch resistance.

Available in all TUFFPLANK colors.

A high-angle photograph of a dark grey, marble-look ceramic tile floor. The tiles are large and rectangular, with a complex pattern of light grey and white veins. In the top right corner, a portion of a round, orange-brown table is visible, with a white coffee cup and saucer on it. A black leg of a chair or table is visible in the top center. The text 'INTERCERAMIC by IB Supply' is overlaid in white at the bottom left.

# WHAT IS DUMAWALL?

---

**Dumawall** is an oversized, waterproof RCB panel featuring a rigid core and a convenient tongue-and-groove design, making them perfect for quick home updates and installations. Durable and UV-resistant, they also provide an excellent solution for covering existing tiles.

## FAQs

---

Q: "How do I install Dumawall tiles?"

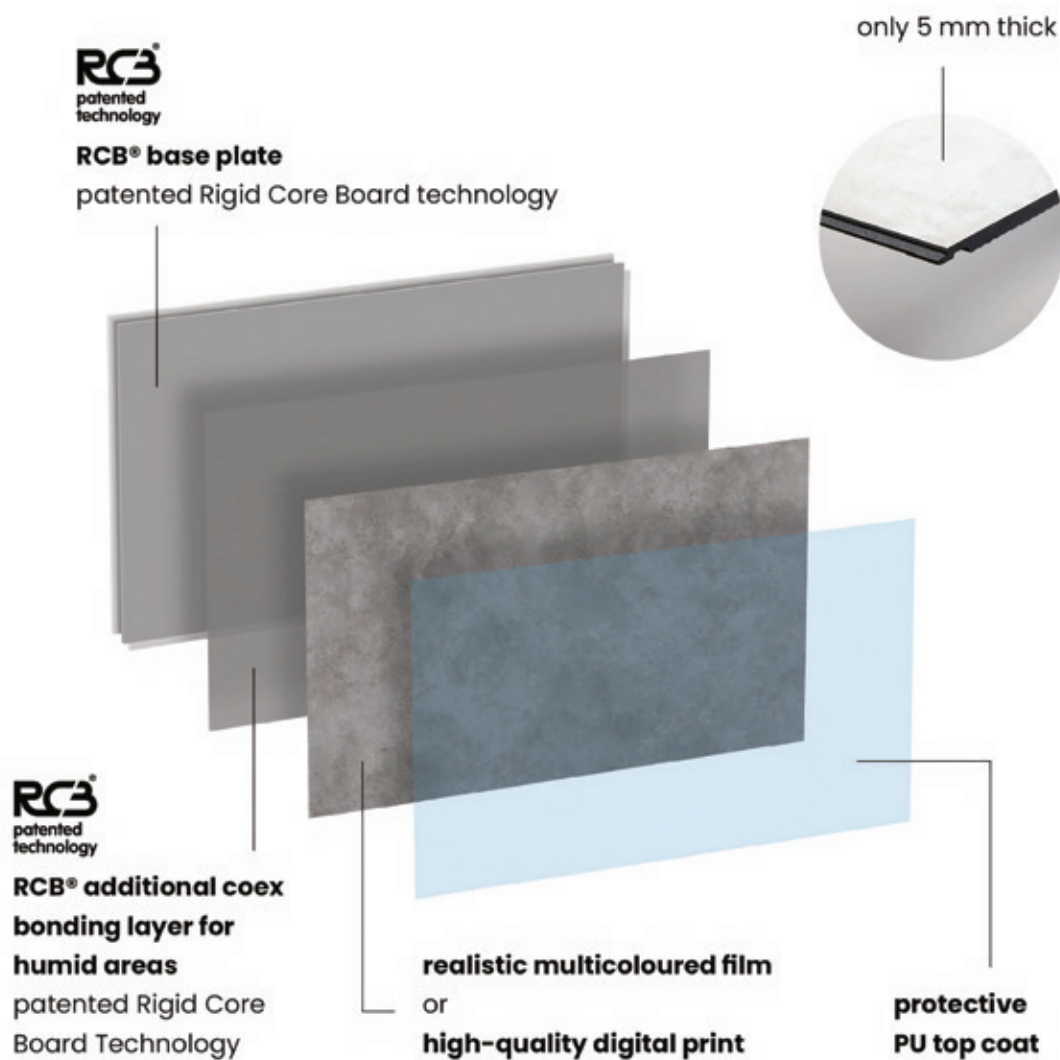

A: **You can glue them directly onto old tiles by utilizing easy, jointless, tongue-and-groove connections.**

Q: "Why should I choose Dumawall tiles?"

A: **Dumawall tiles are perfect for renovations, offering easy assembly with a tongue-and-groove system, simple cutting options, and a jointless design for a seamless, authentic finish.**

**FEATURED: DUMAWALL | LONDON**

Our boards are manufactured using the revolutionary RCB® technology. RCB® stands for Rigid Core Board. This unique and patented technology ensures that the boards are extremely stable, water-resistant and safe. This also results in a very strong adhesion of the decor layer to the slab, preventing our decor layer from peeling. Dumawall is the ideal base for a shower that you will enjoy for a long time.

TERRAZZO

---

Every day, hundreds or even thousands of people pass through an airport, hospital, or school. Terrazzo can endure intense pressure brought on by heavy machinery or high-traffic activity because it has high compressive strength. With only basic cleaning daily, the surface can persist for years because of the material's resilience.
