LOOK BOOK UNIT PROGRAM

Our unit program is intentionally designed at the intersection of timeless appeal and forward-thinking design. Built around what’s trending now—and what’s coming next—each selection offers designers a smart, budget-conscious way to create spaces that feel current, cohesive, and built to last.

Due to the variance in installation methods, grout colors, lighting, image variances and computer monitor settings; the images within may not accurately represent the true color of the products after installation. Therefore, IB Supply always recommends that tiles not be purchased based on an image of any kind.

TUFFPLANK LVT: CUSTOMIZATION THAT BREAKS THE MOLD

In 2013, we saw that the LVT market was stuck in a one-size-fits-all rut. We fixed that. With **TUFFPLANK**, you have over 100 colors and the freedom to customize your LVT however you want.

And for multi-level projects that need sound abatement? Our DB Plank line is designed specifically to reduce noise, making it perfect for keeping things quiet and comfortable in multi-level spaces.

We turned a market gap into your opportunity for total customization, with solutions that range from entry-level to high-end commercial. The Perfect LVT for your needs.

You've got plenty of choices when it comes to LVT, so why not choose the best? **TUFFPLANK**, the ultimate LVT solution.

RIVERTON

Collection

Inspired by the serene, earthy tones of riverbeds. Each plank in this series brings the natural beauty of flowing waters into your space, with deep wood textures and calming, timeless colors like Brazos, Yukon, and Potomac.

Transform your floors into a tranquil retreat with Riverton's elegant design.

dB PLANK

Pre-Attached Sound Pad

PREMIUM
OPTION

dB Plank is a Premium LVT that is customizable, and a cost effective solution to your sound reduction needs. With a simple 1-step installation, you can save time and money on your next project.

dB Plank has a **1mm pre-attached sound pad** that can be added to any of our TuffPlank colors.

TUFFCOAT is standard to dB Plank. It consists of microscopic ceramic particles suspended in the UV coating. This gives an additional layer of protection providing enhanced wear, scuff and scratch resistance. Available in all TUFFPLANK colors.

DUMAWALL

WHAT IS DUMAWALL?

Dumawall is an oversized, waterproof RCB panel featuring a rigid core and a convenient tongue-and-groove design, making them perfect for quick home updates and installations. Durable and UV-resistant, they also provide an excellent solution for covering existing tiles.

FAQs

Q: "How do I install Dumawall tiles?"

A: You can glue them directly onto old tiles by utilizing easy, jointless, tongue-and-groove connections.

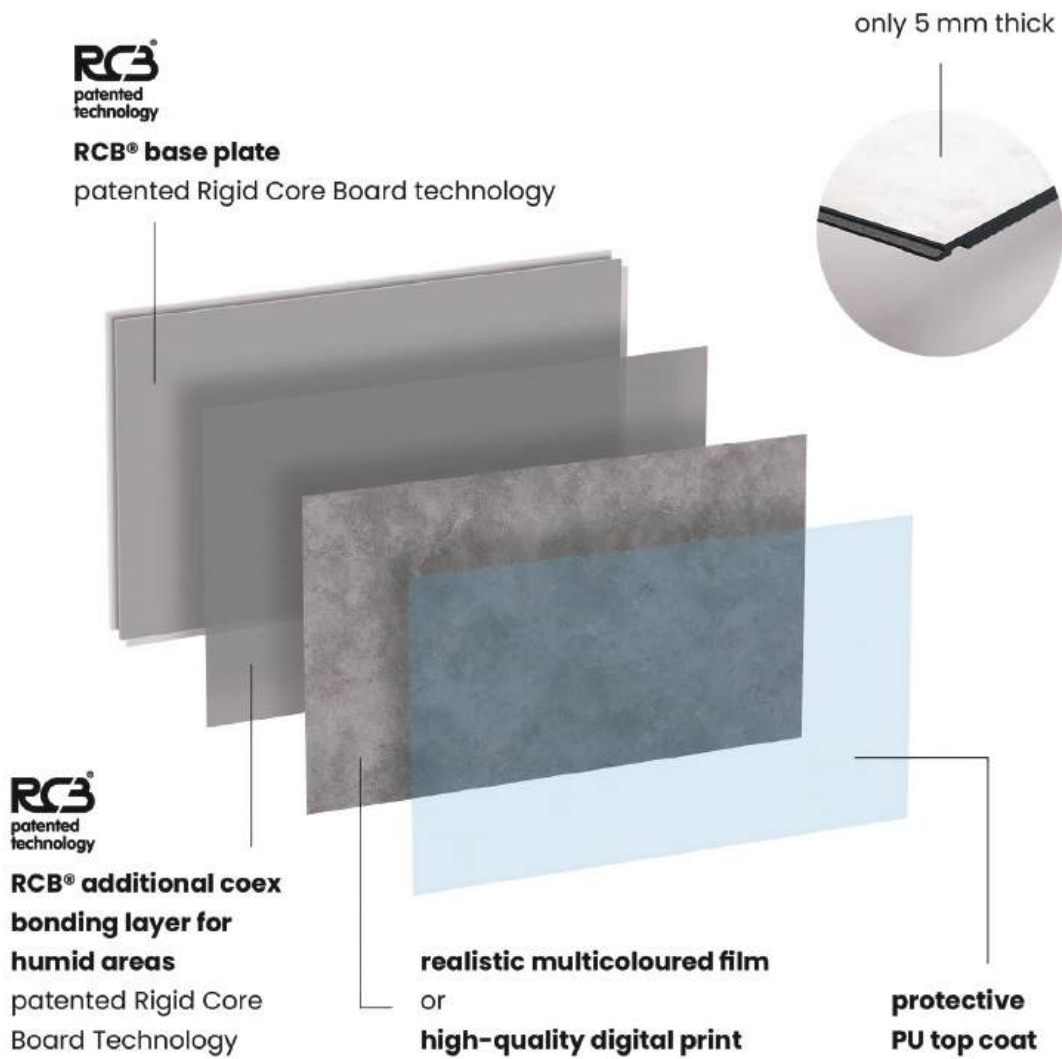

Q: "Why should I choose Dumawall tiles?"

A: Dumawall tiles are perfect for renovations, offering easy assembly with a tongue-and-groove system, simple cutting options, and a jointless design for a seamless, authentic finish.

FEATURED: DUMAWALL | ZÜRICH

Dumawall

 Produced and Stocked In The USA
2 - 3 week lead time

Our boards are manufactured using the revolutionary RCB® technology. RCB® stands for Rigid Core Board. This unique and patented technology ensures that the boards are extremely stable, water-resistant and safe. This also results in a very strong adhesion of the decor layer to the slab, preventing our decor layer from peeling. Dumawall is the ideal base for a shower that you will enjoy for a long time.

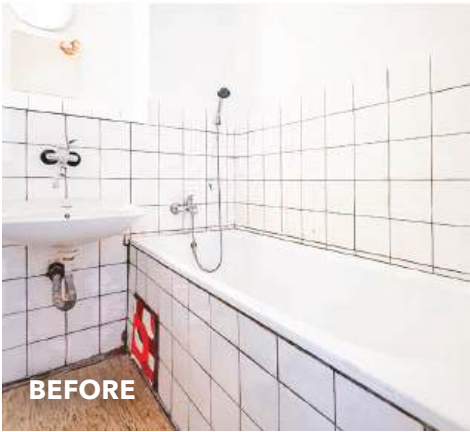

Install directly on existing tiles

TERRAZZO

FEATURED: DESIGNER SERIES | PREGONDA

CUSTOM TERRAZZO: Tailored locally, made to wow

Think high-end project with a serious wow factor? This is your go-to. Our customizable terrazzo is produced right here in Dallas, Texas, tailored to any color specs you can imagine. It's perfect for those premium projects where you need to impress—think upscale restaurants, sports team facilities, colleges, or any place that demands a standout look.

Bottom line? When you need to deliver that premium, high-end impression, this locally crafted terrazzo makes it happen—just pure impact.

SUSTAINABILITY

As the world is becoming more environmentally conscious, we all want to find ways to make a better impact on our planet. By using DTE, you are not only doing that, but also helping to support a new green local business. Dynamic Terrazzo Environments utilizes recycled materials in many of our color palettes, offering a greener and more sustainable alternative. These materials help architects and designers gain LEED points in their projects, and to be eco-friendly for our environment.

Custom.
Sustainable.
Local.

For custom color inquiries, please reach out to us with your project name, the precast format required, dimensions and quantity required, project budget, project timeframe, and details on the color design for matching or new terrazzo color formulation.

Custom samples are subject to a \$50.00 set-up fee per sample that will be credited back upon order placement. Please reach out to us if you have any questions or need any assistance.

NOTES:

- Please keep in mind, due to product being hand produced, there will be slight variations.
- All colors based on epoxy terrazzo. Cementitious terrazzo options are available.
- Call us for details.
